

Merial

Merial is a world-leading, innovation-driven animal health company, providing a comprehensive range of products to enhance the health, well-being and performance of a wide range of animals.

Merial plays a pioneering role with governments around the globe to contain and manage various animal diseases—recognising that the prevention and cure of animal diseases are in the interests of protecting the health of animals and of man.

There are significant investments in research and development, with nine research and development centres around the world. The company is committed to developing pharmaceuticals and vaccines with the highest level of quality, safety and efficacy through an extensive network of 15 manufacturing sites. Merial employs approximately 5700 people and operates in more than 150 countries worldwide.
